- The ideal product for vehicle sales, service and insurance, marine, tradespeople, utility suppliers and house and building contractors.

Colour:

Item Size: 160 x 17 x 27 (LxHxD)mm.

What is COB?

A COB or 'chips on board' light is a type of led package. In COB lighting, single LED chips are placed directly on a circuit board (or substrate) which has thermal properties to disperse heat.

Magnet on the back for easy storage
