PRINTING ON COTTON BAGS

Cotton bags are not perfectly straight, therefore true squares/rectangular designs may appear distorted on the product and designs using full coverage print areas are to be avoided. Bags can have some minor folds or threads and printing over the folds or threads doesn't detract from the design and is considered acceptable.

RGB PRINT - DIRECT DIGITAL TO GARMENT PRINTING

Submit design for acceptance and price on full colour direct to garment printing. Prices based on amount of ink consumed. More cost effective for designs that do not require white ink. Bags are printed using RGB format and perfect colour matching not possible. If colour matching is important you need to supply pantone colours and we will produce the closest RGB match possible. We are unable to edit colours in rasterised images.

COTTON VARIANCE

Fabric variations are considered acceptable but if critical, please ask for a sample form our current shipment.
