PRINTING ON POLYESTER BAGS

Polyester bags are not perfectly straight, therefore true squares/rectangular designs may appear distorted on the product and designs using full coverage print areas are to be avoided. Bags can have some minor folds or threads and printing over the folds or threads doesn't detract from the design and is considered acceptable.

PRINT COLOURS ON COLOURED POLYESTER BAGS

Black print is recommended on all coloured bags (except black bags).

Pouches are incorporated into opening of bag
