### PRINTING ON COTTON BAGS

Cotton bags are not perfectly straight, therefore true squares/rectangular designs may appear distorted on the product and designs using full coverage print areas are to be avoided. Bags can have some minor folds or threads and printing over the folds or threads doesn't detract from the design and is considered acceptable.

### PRINT COLOURS ON COLOURED COTTON BAGS

White, Metallic Silver or Black are recommended print colours on all coloured bags. Some pantone colours close to those of the bag colour and black may disappear. For optimum customer results we recommend a double hit for artwork with white ink and putting white ink under coloured ink as the coloured substrate can show through on the product. If required this would be classified as an extra colour print. If in doubt request a pre-production sample as an extra cost.

### COTTON VARIANCE

Fabric variations are considered acceptable but if critical, please ask for a sample form our current shipment.
