Product Code : LN612
Description : Microfibre Lens Cloth in 4CP Digital Card
Item Colour/s : Custom
Quantity :
Decoration Type : Sublimation
Print Colour

DIGITAL DIRECT: This item is digitally printed in CMYK.

If pantone colour matching is important we require you to provide specific PMS colours, and we will produce closest CMYK colour match possible (to CP equivalent of coated pantone colours - perfect colour match not guaranteed). Vector art is required for colour matching. We are unable to edit colours in rasterized images. Print colours may be altered in appearance if placed on a strong colour background.

IMPORTANT

Lens cloth's are printed by Sublimation process - which is a transfer "melted" into the fabric. When the second side is printed the heating process will affect the colours on the side printed first making it a slightly different colour. Variations of up to 10-20% and is unavoidable and considered acceptable.

This item is supplied flat packed in a polybag

NOTE:

The country of origin is required on this product. The below label is applied to all lens cloth packaging.
