**DIGITAL DIRECT:** This item is digitally printed in CMYK.

If pantone colour matching is important we require you to provide specific PMS colours, and we will produce closest CMYK colour match possible (to CP equivalent of coated pantone colours - perfect colour match not guaranteed). Vector art is required for colour matching. We are unable to edit colours in rasterized images. Print colours may be altered in appearance if placed on a strong colour background.

Green lines represent fold line in box.  
Black lines represent cut lines.  
Orange lines show the parts of the box that will be glued.  
This lines are note printed.  
Blue rectangle shows window cut out.  
Note: At least 5mm bleed is required for full reversal designs.
